WORKING PAPER

8705 870208 V: 025 S: 01

### SUMMARY OF INFORMATION

The structure is associated allied with negative purposes the implementation of which causes sores lesions and the arresting of autonomical pulmonary activity.

There is some sort of reactive device that causes bulbous reactions; this remains in remission until (probably) August 1989.

The issue of chemicals, the teaching of theory regarding chemical warfare, are associated with the building.
